This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

PREFACE.

In this, the fifth volume of Nottinghamshire Marriage Registers, the whole of the marriage entries previous to 1813 contained in the registers of eleven parishes in Rushcliffe Wapentake, are printed. It is hoped that the remainder, with the rest of the parishes in the Wapentake, may be printed at an early date.

The method followed in making these abstracts is the same as that adopted in the previous volumes of this series. The spelling of the surnames has been preserved exactly as in the registers, while that of the christian names has usually been modernised.

The registers here given have been transcribed from the originals by the Rev. C. S. Millard, the Rev. John Clough, the Rev. Owen Orton, the Rev. J. R. Hughes, and Major G. C. Robertson, by the kind permission of the incumbents. The names of the latter are mentioned under their respective parishes.

The reader must remember that these extracts are not legal "evidence", and that for certificates application must be made to the local clergy in charge of the registers.

It is intended that Volume VI shall include some part of the Wapentake of Broxtowe. Offers of assistance in the work of transcription, especially in the northern part of the county, are urgently asked for, and will be gladly welcomed by the editors. It is only by voluntary help that this work of printing our ancient registers can be carried on.

December, 1902.

CORRIGENDA.

Volume IV. p. 74.—Ralph Knibsmith *read* Knifsmith.

" " *p.* 83.—Richard Haucrigc *read* Haucrige.

" " *p.* 88.—The assertion that during the early part of the 17th century the Churchwardens of Newark were only two in number is wrong. Only two signed the Register, but there were four Churchwardens then as now. A list of the four Churchwardens in each year from 1626 (with a few omissions) was published by John Heron in 1748.

NOTE.—Thorpe-in-the-Glebe Church has been destroyed for more than a century and its site desecrated. Nothing is known of the Registers. The place parishes to Wysall.

Marriages at Costock,

1558 to 1812.

NOTE.—The Registers of Costock, otherwise Cortlingstock, are thus described by Mr. Godfrey in his "Notes on the Churches of Nottinghamshire":—"The *earliest* Register is an interesting book of parchment, containing 31 leaves, 14¾ inches high and 5½ inches wide, in paper covers, and dates from the reign of Queen Mary. The earliest part was copied from an older book in the year 1599 by Marcus Wyersdale, then rector. The *Baptisms* are from 22 March 1558, *Marriages* from 19 June 1558, and *Burials* from 7 April 1564, and the entries of all ceremonials are continued down to 4 July 1659, a baptism. Then follows a list of churchwardens from 1673 to 1703. The entries are then resumed with a baptism dated 27 September 1663, and continued to 17 March 1665, a burial. Another break then occurs, and the entries continue regularly from 14 October 1669, a burial, to 17 February 1705, a baptism. The last leaf but one is blank; the last leat contains almost illegible entries for 1706 and 1707. The last marriage is 7 May 1707, and the last baptism was in August 1707, but in each case the day of the month appears to have been omitted. All the entries are in Latin, except those from 1651 to 1673 and five or six entries in the year 1705.

"The *second* Register, also in parchment, in covers of the same material, contains *Baptisms* from 18 February 1707 to 29 May 1785, *Marriages* from 1 May 1708 to 14 November 1753, and *Burials* from 9 March 1708 to 20 December 1785.

"A large parchment book contains *Baptisms* from 2 March 1786 to 11 December 1812, and *Burials* from 3 January 1786 to 18 July 1812.

"A book of *Marriages* contains entries from 24 August 1755 to 29 December 1812."

These extracts have been made by Major Robertson, of Widmerpool, and are now printed under his supervision, with the assent of the Rev. C. S. Millard, Rector of Costock, who also collated the transcript with the Register.

Marriages at Gotham,

1558 to 1812.

NOTE.—The earliest Register at Gotham is a parchment volume containing 71 leaves, 17½ inches high by 5¾ wide, bound in a ragged parchment cover. Baptisms, Weddings, and Burials are entered separately and in English. The Baptisms continue to 1769 and the Burials to 1785, but Marriages end in 1753.

The second Volume is of paper in parchment covers, and contains Marriages from 1756 to 1805.

The third Volume, a small book of printed forms, contains the Weddings from 1806 to 1812.

These Marriages have been extracted by the Rev. John Clough, Rector of Wilford, and are now printed by permission of the Rev. F. A. Wodehouse, Rector of Gotham, by whom they have been collated.

Marriages at Kingston-upon-Soar,

1755 to 1811.

NOTE.—Kingston-on-Soar was anciently a chapel of Radcliffe-on-Soar. The oldest Register is in two portions. One of these consists of six parchment leaves, 12½ inches high and 6½ inches wide, stitched together without any cover. It contains the Burials from 12 March 1657 to 4 June 1753. The other portion consists of five leaves, 13 inches by 6½, also stitched together, and contains Baptisms from 5 January 1688 to 1 July 1744. The Marriage entries for this period are missing. The baptisms from 22 June 1746 to 25 October 1812, and the Burials from 13 June 1753 to 30 January 1812, are contained in a large parchment book of 13 leaves in parchment covers.

The Marriages from 10 February 1755 to 25 December 1811 are contained in a large paper book, without covers.

Unless otherwise stated, the parties are invariably of Kingston-upon-Soar, and the Marriages were by banns except where stated to be by licence.

The entries for 1809 and 1810 are mixed as they are shown in this copy. Apparently on page 35 a space was left after the entry of George Mee and Elizabeth Hogg, Dec. 26, 1808. In this space appears the entry of "Thomas Smith and Hannah Moor" in 1810. Overleaf, page 36, occurs "Robert Eden and Alice Bramley" in 1809. This entry, and that for 1808, are in the same hand; the entry for 1810 is in another hand—much smaller and neater. The entry for 1811—"Isaac Watts and Ann Smith"—is in the same hand-writing, and is signed in the same name—"N. Bramley."

These Marriages have been extracted by the Rev. John Clough, rector of Wilford, by permission of the Rev. H. B. Hamilton, vicar of Kingston, while the proof has been revised by Major Robertson, of Widmerpool.

Marriages at Normanton-on-Soar,

1559 to 1812.

NOTE.—The first book is of parchment, 11 in. by 7 in., and consists of 62 numbered pages.

The second book is of parchment, 17½ in. by 5½ in., and consists of 30 pages, with one small added page. It has two covers.

The third book consists of 22 pages, of which the two first and the two last are of paper and the rest parchment. They measure 14¾ in. by 9¾ in. The last two pages are blank.

The fourth book consists of 20 pages of parchment, and the inside of the paper cover is used as a twenty-first page at the end of the book. The measurement same as third book. This contains Marriages only, from Jan. 16th, 1755, to Dec. 25th, 1777.

These first four books are now bound together into one volume.

The second volume, or fifth book, is of parchment, consisting of 78 pages, measuring 8 in. by 12¾ in.

The four pages before the last are blank. The entries comprise Baptisms, Nov. 1761 to Dec. 1812; Marriages, Nov. 1780 to Sept. 1812; Burials from Nov. 1761 to Aug. 1812.

These entries have been transcribed from the copy of the Register deposited by the rector, the Rev. Owen Orton, in the British Museum, and they are now printed under his supervision, the proof having been collated by him with the original Register.

Marriages at Rempston,

1571 to 1812.

NOTE.—The Register of Rempston is contained in four volumes.

Vol. I is of parchment, containing 58 leaves, with brown parchment covers, and has of recent years been bound in vellum. It contains entries of Baptisms, and Births, Marriages and Burials, placed together under their respective years, also a list of the Constables of Rempston from 1559-1687, and some rather confused entries of the names of Churchwardens and Overseers of the Poor. Among the parchment leaves are a few paper ones containing Briefs of the latter half of the 17th century. One of the parchment leaves is occupied by some particulars of an extension of the Minister's garden in 1706, and another with the various items of the wages of the Parish Clerk in 1629. On one of the paper leaves, fronting the earliest entries, is the following inscription:—"Initiatio Serenissimæ Dominæ nostræ Elisabethæ, &c., decimo septimo die Mensis Novembris Anno Domini 1559." Among the entries in 1661 is a copy of a declaration of loyalty made before "Ac. Ebor.," Accepted Frewen, Archbishop of York, by Thomas Boyer, Rector, who had ministered in the parish as a Nonconformist under the Commonwealth; and also a statement of his acceptance of the Act of Uniformity. This Incumbent enters certain Burials in an Anabaptist burying place in the Parish as "Illegall Interments"; on one occasion he calls the Marriages "Sacred Admissions of persons of both sexes to unite in the Parish of Rempston", and once or twice, in signing the Register, he describes himself as "Minister Regius."

Vol. II contains Baptisms, Marriages, and Burials from 1736-1812, and consists of 46 leaves of parchment, the last 12 blank. It is bound in vellum, and an entry states it was bought in 1736, price 16*s.* 6*d.* The marriage entries in this book are irregular, there being only one (in 1778), between 1754 and 1797; after this date they are entered regularly. The omissions are provided for in Vol. III, a paper book with printed spaces for Baptisms, Marriages, and Burials, each space bearing a Government stamp, only a few pages of which are used.

Vol. IV, a thick paper book, in vellum, containing Banns and Marriages; the Marriages in Vol. II, after 1754, are of course only duplicates of those in Vols. III and IV.

All the books are in good condition, and there seem to be no omissions, except of Marriages during the years 1653-1657 inclusive.

This Register has been transcribed by the Rector, the Rev. J. R. Hughes, assisted by Major Robertson, of Widmerpool, who has verified the more doubtful entries. The proof has been checked with the Register by Mr. Hughes.

* The ancient parish church was situated in what is now a deserted graveyard some distance from the village; there being a chapel, that referred to in this entry, in the village. A new church was built on another site in 1771. The chapel belonged to the ancient manor, then held by the Stapletons. Its site, which can be fixed approximately, is occupied by farm buildings.

Marriages at West Leake,

1617 to 1811.

NOTE.—The following detailed account of these Registers is given by Mr. Godfrey in *Churches of Nottinghamshire*:—

The oldest parish Register is a parchment book containing 14 leaves and part of another leaf, 15 inches high and 6 inches wide. It is well written in English, and in good preservation, excepting the last page, which is somewhat illegible through handling. It is now stitched in brown paper covers. The first page contains Baptisms from 1616 to 24 September 1620, the second page contains Burials from 1617 to 21 May 1620, and the third page (which is partly cut out) contains Marriages from 1617 to 24 January 1620. The fourth page contains some memoranda, then follow the entries of Baptisms, Marriages and Burials from 27 June 1624 to the end of the year 1704.

The second Register is also of parchment, 14 inches high by 6 inches wide, bound in parchment. The Baptismal entries are from 1705 to 9 May 1813, Marriages from 1705 to 4 February 1754, and Burials from 1705 to 7 April 1813.

A large paper book contains Marriages from 1 January 1755 to 6 May 1811. A paper Register, without covers, kept under the Stamp Act 1783, contains Births and Baptisms from November 1783 to 17 July 1796, Marriages from 11 May 1784 to 27 March 1797, and Burials from 20 October 1785 to 2 September 1796.

There is reason to believe that an earlier volume has been lost in recent years.

These Weddings have been extracted by the Rev. John Clough, rector of Wilford, and the proofs have been collated with the Registers by Major Robertson. They are printed by leave of the Rev. H. Hamilton, rector of West Leake.

VOLUME I.

Richard Lucie, of Attenborough, & A'ne Harrison, of West Leake .. .. 24 Nov. 1617

Marriages at East Leake,

1600 to 1812.

NOTE.—The Registers of East Leake, otherwise Great Leake, to 1812, are contained in six volumes, and are in fair condition.

The first entry is a Baptism on 8th March 1600.

Volume I is of parchment 15½ inches high, 6 inches wide; the second volume is of parchment, 14½ inches high, 4½ inches broad. The third volume is composed of 26 parchment leaves, unbound, in covers of same material. The fourth volume is of parchment. The fifth is a book containing but few entries, from 1783 to 1799. The sixth, a large book, paper leaves, in parchment covers, contains Weddings from 20 May 1755 to 23 May 1783, and from 31 August 1798 to 20 Dec. 1812. A very full description of the Registers is given by Mr. Godfrey in *Nottinghamshire Churches.*

The marriages were extracted by Major G. C. Robertson, by permission of the Rev. Sidney P. Potter, Rector of East Leake.

Marriages at Stanford-on-Soare,

1633 to 1812.

NOTE.—The earliest register, which is in good condition, consists of 25 parchment leaves, and, with other documents, is bound in leather. It includes Baptisms and Burials to 1785, and Weddings to 1753. There are gaps from 1655 to 1650, while only four marriages are recorded between 1657 and 1660, and none between 1664 and 1670. This register is remarkable for a very large number of foreign marriages during the period 1686 to 1720, this being the time of the incumbency of the Rev. Francis Thwaytes, M.A. It is evident that he made his church a popular resort for weddings, though how this result was arrived at, whether through his personal popularity, the moderation of his fees, or the complacency of his inquiries, is not clear. Anyhow, very few indeed of the persons whose weddings he celebrated were his own parishioners, though it is not needful to assume that they were all clandestine or runaway matches. On his death the marriages celebrated at once sank down to their normal number of one or two a year. Some of the entries are out of order.

The second register is the ordinary paper volume of printed forms usually adopted on the passing of Lord Hardwicke's Marriage Act.

This abstract has been made by the Rev. C. L. V. Baker, Rector of Stanford-on-Soar, and is now printed under his supervision, after the collation of the proof with the register.

Marriages at St. Anne's, Sutton Bonington,

1560 to 1812.

NOTE.—The oldest Register is a parchment book, containing 18 leaves, 15¾ inches high, and 6 inches wide, without covers. This Register is stitched at the end of the old Register belonging to the adjoining parish of St. Michael, the two Registers probably having been amalgamated at a time when the two benefices were held by the same rector, as was the case during the period 1620 to 1660.

The Register commences:—"A register booke of the p'ishe of Saynct Annes, of Sutton in Bonington, whe[rein] are wrytten all crysteninges, marriages, and burialls."

The ceremonials are not kept separate. The first entry is a baptism, 11th April 1560, and the entries continue regularly to 17 January 1627, a burial, at the end of the twentieth page. Page 21 contains burials from 20 March 1663 to 1668. Page 22 contains baptisms from 2 May to 8 October 1663. Then follow births from 12 September 1653 to 1657, with some marriages and burials in the latter year. After these is a baptism, 25 January 1669. Mixed entries of baptisms, marriages, and burials follow, from 25 December 1653 to 1 May 1663, end of page 30. Similar entries follow from 1665 to 4 April 1671, at the end of page 32. Page 32 contains a marriage, 2 May, probably of the year 1655. Page 34 has at the top the appointment of the Parish Register:—

> "Mr. Richard Savage, of the parish of Sutton Bonington, sworn and approved Register for ye said parish the 15th of February 1653 by me, Hen. Sacheverell."

The remainder of p. 34 contains marriages from 14 June 1653 to 4 August 1655. Pages 35 and 36 are blank. All the entries are written in English.

The *second* register consists of seven parchment leaves, 12½ inches high and 7½ inches wide, without covers. It contains mixed entries from 1662 to 1717, all being badly written.

The *third* register contains twelve parchment leaves of various sizes. The entries from 1719 to 1759 are written in a slovenly fashion.

The *fourth* register is a small paper book containing baptisms from 25 February 1759 to 27 September 1810, marriages from 19 January 1756 to 10 January 1812, and burials from 28 January 1759 to 15 November 1813.

These extracts have been made by the late Rev. E. S. Taylor, rector of St. Anne's.

Marriages at St. Michael's, Sutton Bonington,

1559 to 1812.

NOTE.—Sutton Bonington is a long, straggling village, which in reality consists of two separate parishes whose names have been long combined. The northernmost is the ancient Bonington, its neighbour is Sutton juxta Bonington, Sutton super Bonington, or Sutton-upon-Soar. They are now generally distinguished by the names of their patron saints, St. Michael and St. Anne.

The oldest Register is a parchment book containing 43 leaves, 15¾ inches high and 5½ inches wide, and is without covers. The outside front leaf is soiled and torn, and has on the second page some notes of benefactions to the parish. The Register commences on the second leaf with this heading:—

"A Regester of all Christnings Weddinges Bur[ials] wth in ye p'ish of St. Michaells in Sutton Bonington from the first year of the raigne of Elizabeth Queene of England France and Ireland. An'o D'ni 1558 as followeth."

The baptisms are entered in regular order from 16 November 1558 to 13 March 1652, and from 19 May 1668 to 20 October 1668. There is a gap in the entries from 1652 to 1658. Then follow three burials in 1668, and baptisms on 10 or 16 January 1670. The next page is blank. The burials commence on leaf 21 with the date 11 April 1558, and continue to 13 August 1656. The "Marradges" follow from 3 February 1559 to the last day of January 1640. Then follow other marriages in this order: one in 1643, two in 1644, one in 1645, and one in 1652. All the entries are written in English, and the book is in fair order. Attached to it is the old Register book of the adjoining parish of St. Anne.

The *second* Register contains mixed ceremonials from 1670 to 1703.

The *third* and *fourth* books contain the baptisms, marriages and burials from 1703 to 1715.

The *fifth* book is the usual printed volume of forms, and extends from 1755 to 1782.

The *sixth* book extends from 1782 to 1812, and measures 10 inches by 7½ inches.

These marriages have been extracted by Major Robertson, and as to the period 1754 to 1812 by the rector, the Rev. R. O. Yearsley, by whose permission they are now printed.

Marriages at Widmerpool,

1540 to 1812.

NOTE.—The Parish Registers of Widmerpool are five in number, in good condition, and all written in English.

The first is a parchment book 11¼ inches high, and 8 inches wide, contains Marriages, 1540 to 1731. The first entry is a Christening in 1539. Amongst the entries of Burials appears, in 1648, "Two souldiers buryed, who were wounded in the feild, July."

The second volume, containing Marriages 1732 to 1752, is a parchment book, 14½ inches high, and 6 inches wide.

The third volume, also of parchment, bound in leather covers, is 15½ inches high, 6 inches wide, and contains the Marriages from 1754 to 1809.

The fourth, bound in leather, 20 inches high, 5 inches wide, contains Baptisms and Burials 1800 to 1812, but no Marriages. In it appears a biography of the Rev. John Robinson, late Rector of Widmerpool.

The fifth, bound in parchment, 18 inches high, 6½ inches wide, contains the Marriages from 1809 to 1812.

These extracts have been made by Major Robertson, and are now printed by leave of the Rev. Arthur Thorold Wood, after collating the proof with the original Register.
